To Whomsoever It May Concern

This is to certify that Ms. Amita Singh, second year B.Tech student, BIET Jhansi, has carried out a summer project titled "Analysis of Indian Automobile Industry" under my supervision during June 2, 2008 to August 4, 2008, at Indian Institute of Management Lucknow. I find her work satisfactory. Although, Ms. Singh was new to Economics and Management area, by hard work and commitment, she could quickly grasp concepts and lucidly analysed the growth of automobile industry growth consequent to liberalization process initiated during the 90s, in a short period of time.

I am sure that she will do well in academics in future.

I wish her all the best.

Sincerely,

D. Tripathi Rao
